

GYRO MEMBERS PLAN PROGRAM FOR BIG MEET

Delegates to International Convention Arrange Stunts.

Davenport Gyro club members will put their city "on the map" at the International Gyro convention to be held in Milwaukee, according to announcements made at last night's regular club meeting in the Blackhawk hotel.

Delegates to the convention will hold conferences to plan a series of stunts which will distinguish the local club, it has been decided. Gyro Lester Sidney stated last night that the Davenport aggregation expects to be one of the liveliest at the convention.

It is expected that at least ten Davenport Gyros will attend the convention. Most of them will motor to Milwaukee.

The club's entertainment program last night included violin and piano jazz selections by Messrs. Bixie Beiderbecke and Wayne Hostetter. Officers of the local Salvation army made a plea for Gyro co-operation in the \$6000 fund drive to be conducted here soon. The work of the Salvation army was explained, and the necessity for support urged.

Frank Myers, newly appointed head of the club's membership committee announced that he has selected Victor Hall, George Frick, and Carl Sorenson as his committeemen.

Arrangements for the dinner dance to be given at the Blackhawk hotel on the evening of Feb. 12 are being completed.

Bix, piano; Doc Hostetter, violin, 1923
